Ten Reflections on the Same Pond

- 1 Black-grey, rare earth, unrenewable
- 2 30 – 40 per cent of the villagers
- 3 *Development first, clean-up later*
- 4 No reflections of the new high-rises
- 5 Teeth so brittle cattle cannot eat
- 6 *Outsourced danger. Slow violence.*
- 7 Leaching towards the 'mother river'
- 8 Green energy bubbles urgently
- 9 An old man holds his smartphone
- 10 his face reflected in its black-grey mirror.
